1. Claims 1-42 are allowed over the cited prior art.
2. The following is an examiner's statement of reasons for allowance: None of the cited prior art teach or disclose a filter for reducing noise generated by a circuit with a combination of a common mode filter and a differential mode filter for producing an offset signal and a variation in resistance between the input and output of the differential signal or a combination of a common filter and a controlled impedance return path having a first end connected between the power source and the input of the common filter and a second end connected to the output of the common mode filter .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. New corrected drawings in compliance with 37 CFR 1.121(d) is required in this application because drawing filed on 6/25/03 is informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Adolf Berhane whose telephone number is 571-272-2077. The examiner can normally be reached on Monday- Friday 8 AM to 6 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Sherry can be reached on 571-272-2084. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
